

Ksenia's Story classroom activity

Ksenia's story classroom activity learning objectives:

After completing this activity, students will be able to:

- Identify reasons students try vaping.
- Explain the health risks of vaping to a friend or peer.

Instructions for educators:

As a class, watch one of the two videos on <https://www.healthykidslearnmore.com/Vaping/Classroom-Activities> classroom activities page that feature Ksenia and her vaping story; there is a two-minute version and a seven-minute version of the video. Then, have your students complete the journaling worksheet, and if time allows, discuss as a class or in small groups.

Ksenia's Story journaling worksheet

Name: _____ Date: _____

Instructions:

Watch one of the videos on <https://www.healthykidslearnmore.com/Vaping/Classroom-Activities> where Ksenia tells her vaping story. Then, answer the questions below to share your thoughts with a small group or your class.

Journal questions:

1. How did Ksenia's story make you feel about vaping?

2. Why do you think students like Ksenia start vaping?

3. How would you convince a friend to not try vaping?

4. What questions do you have about vaping?
